**LIBELIUM**

LETTER OF APPRECIATION

It is with immense pleasure that I write to extend my profound gratitude and appreciation to **LIBELIUM** for the kind donation of air conditioning unit, information technology equipment and printers through **Asociacion Arambia**.

Kanifing General Hospital is one of the biggest hospitals in the Gambia (West Africa). The hospital provides a broad range of services to meet the health care needs of the population especially women and children. Annually, we treat over two hundred thousand (200,000) people through our various ambulatory clinics.

However, the demand for services always outstrip the resources required to provide such services. Therefore, support from noble organisations like **LIBELIUM** will go a long way in enabling our hospital continue to provide health care services to the community.

It is our fervent hope that your organisation will continue to support the hospital for better service delivery.

Yours Sincerely,

**Baboucarr M.A Saine**  
Hospital Administrator
